Sub: Efforts of School Sports Promotion Foundation to promote sports.

Please refer to your letter dated 10 October, 2016 on the above subject. The efforts of SSPF to promote sports among school children is laudable. The RSPB is willing to provide its technical/support official for national level tournaments, subject to being free from other commitments. As far as grounds and infrastructure facilities are concerned, they would be made available as per availability at same rates as being provide to other sports federation by the Zonal Railways. However, the same shall be possible only if the sports calendar and annual requirement is sent well in advance.

We look forward to extend a helping hand in growth of sports in India.
